

## Frequently Asked Questions

### Question

Find the location of the C4 Picasso Pollen Filters

### Answer

The Pollen Filter can be found here:

However some cars have an additional one hidden under the front seat which needs to be removed first: [Click Here -](#)

From my own experience having 2 wrists and 3 elbows will be an advantage, it is a little awkward.

Also the filters ( there's 2 that fit in there ) tend to come apart on removal, you may have to replace them with new.
